

GRASSROOTS CRICKET FUND

GRASSROOTS CRICKET FUND GRANT PROGRAM

Guidelines for Cricket Clubs

FUND OVERVIEW

Australian cricketers love the game—and they're equally passionate about giving back to the sport that has shaped their lives. That's why they've contributed up to \$30 million of their own money to establish the Grassroots Cricket Fund (GCF), a joint initiative of the Australian Cricketers' Association (ACA) and Cricket Australia (CA).

Established in 2019, the GCF exists to strengthen grassroots cricket across the country. Each year, the Fund invests in priority areas aligned with the Australian Cricket Strategy to boost participation, enhance community club experiences, and ensure clubs remain vital hubs for local connection and development.

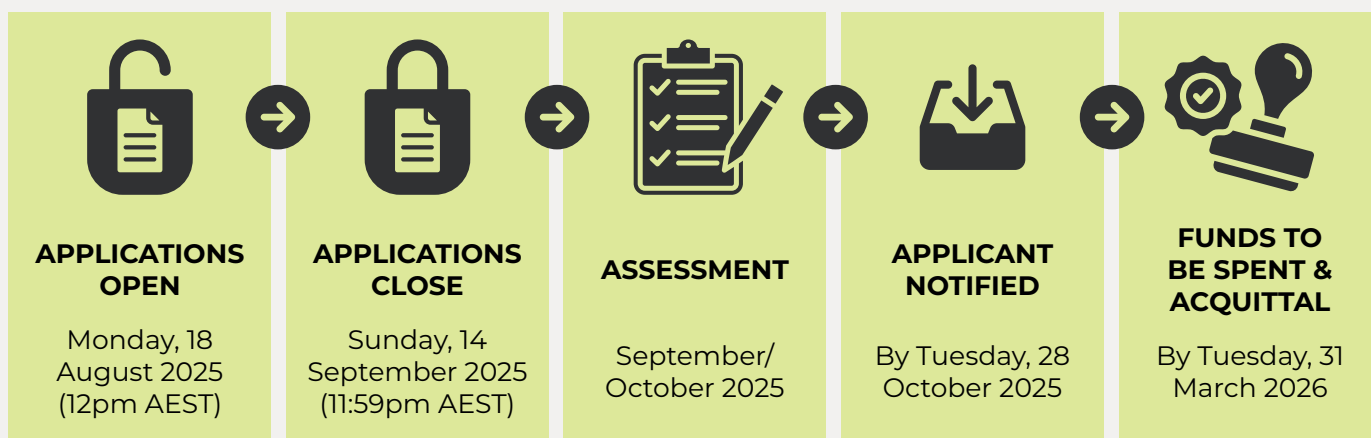

These guidelines outline how community cricket clubs can apply for funding in the current season, including eligibility criteria, key conditions, and the assessment process.

PROGRAM OBJECTIVES

The objectives of the **GCF Community Grants Program** is to facilitate sustainable impact and to ensure Cricket Clubs around Australia:

- Remain strong pillars of local community development;
- Are supported to grow and improve the experience of 5 – 12 year olds, in line with Australian Cricket's strategic priorities;
- Are empowered to create sustainable growth and deliver high-quality experiences for their members so they can thrive as players, coaches and volunteers;
- Have access to funding to build the capability of their administrators and volunteers;
- Provide safe, inclusive and accessible environments for all participants and the wider community.

IMPORTANT DATES

FUNDING ELIGIBILITY

Submissions made to the GCF must meet the following conditions:

Who can apply:

- Community Cricket Clubs
- Associations that 'act' as clubs in regional areas

FUNDING INFORMATION

Grant Amount:

Eligible clubs can apply for grants of up to **\$3,000**.

Please note:

To ensure fair distribution of support across Australian Clubs:

- Clubs that did not receive GCF funding last season will be given priority. However, all eligible clubs are encouraged to apply, as the prioritisation will be dependent on the volume of applications received.
- Your funding request may be partly granted, as a co - contribution to that initiative.

Conditions of Submission:

- All submissions must be approved by your local Cricket Manager (CM), with a written approval letter or email attached to your application.
- Funding can be used retrospectively for expenses incurred from 1 July 2025, provided proof of expenditure is included.
- All initiatives must be completed during the 2025/26 season, with funds fully used by 31 March 2026.
- Costs incurred prior to 1 July 2025 will not be eligible for funding.
- Submissions which are creative and strategic, targeted at enhancing the experience of members and driving growth, will only considered.

ASSESSMENT

The fund is administered by a joint committee of representatives from the ACA and CA. The committee has been formed to make decisions on the allocation of the funds, on behalf of the players. Grants will be allocated to clubs by the Joint Committee, in its absolute discretion, on a merit and needs based assessment of the application (again, subject to club applicants satisfying the applicable funding criteria).

Key Assessment Criteria:

- Merit & Needs-Based Evaluation
- Alignment with the Australian Cricket Strategy
- Strength of Community Impact

As mentioned above, to ensure fair distribution of support across Australian Clubs:

- Clubs did not receive GCF funding last season will be given priority. However, all eligible clubs are encouraged to apply, as the prioritisation will be dependent on the volume of applications received.
- Your funding request may be partly granted, as a co - contribution to that initiative.
- Submissions which are creative and strategic, targeted at enhancing the experience of members and driving growth, are of a higher priority.

All applicants will be **notified in writing** of the outcome once assessments are complete.

ACQUITTAL PROCESS

All successful applicants are required to send through a written submission detailing outcome of the initiative/s, impact and receipts as proof of spend no later than Tuesday, 31 March 2026.

CASE STUDIES

KUHCC has developed our Junior Club Plan 2024-2026, which details step by step how KUHCC will achieve our goal to rebuild our inclusive junior cricket systems - introducing one additional junior team each season, until KUHCC is represented in all junior age groups (including a target of 20 girls registered across Blast and Juniors).

These goals were to be achieved through a variety of strategies, including the redevelopment of the club website and social media, targeted marketing campaigns and the purchase of club banners to drive registrations. Based on the success of the website redevelopment, advertising campaign and purchase of banners, our club was able to run a junior blast program, an under 9s team and under 12s team. After the success of the blast program, we were able to add an additional juniors team (U8s) after Christmas. It appears highly likely that all junior teams will continue to play next season, with the club looking to add an additional 1-2 junior teams.

– Kenthurst Upper Hills Cricket Club

Koonwarra/Leongatha RSL Cricket Club received a grant for two ClubMap workshops, Planning & Implementation. Following these workshops, we now have a clear plan to follow in order to improve our club in many areas; committee structure, attracting & retaining volunteers, fundraising, improving use of technology and more. Without the grant these workshops would simply have been out of reach for our small club and we would have continued paddling away without much progress at all.

– Koonwarra / Leongatha RSL Cricket Club

The GCF grant was used directly in a new initiative developed by our club to scaffold and support our junior program, we call it Sharks Kids. Sharks Kids is a bespoke junior program with a holistic approach to junior development on and off the field. Concepts of health and wellbeing, diversity, inclusion and safeguarding are at the core whilst promoting and fostering SAFE PEOPLE, SAFE PLACES, SAFE PROGRAMS and SAFE PRACTICES. The initiative was a huge success for our club, recently receiving recognition from Cricket Victoria for the program, we were awarded Junior Initiative of the Year. As a club we are extremely proud of our achievement in this regard and the grant funding allowed us to purchase the necessary resources to implement and support the program.

– Sorrento Cricket Club

The Parent and Family engagement initiative aims to better engage existing families and attract new families to the Uraidla Cricket Club, improving family retention and increasing player numbers and volunteer support for the junior and club programs.

The initiative focuses primarily on recruitment and promotional activities, including:

- Recruitment drives at the Uraidla Show and other events over the course of the year, including school open days;
- Marketing and promotional drives on social media and through Australia Post;
- A series of events for parents and families over course of the season, including Pink Stumps Day fundraiser and Club Planning day, encouraging new and existing families to connect with the club; and
- Focused skills workshops for Under 10's and Under 12's to help manage anxieties around transitioning to the use of the hard cricket ball and helmets.

– Uraidla Cricket Club

The club wishes to use their funding to engage SALT and their 'Champions of Change Program' and 'Club with Heart Program'.

The Champions of Change program tackles the issue of gender equality. Sport is a powerful catalyst for social change; it can help shape community attitudes and perspectives and plays a crucial role in advancing gender equality and challenging stereotypes. We hope the program supports the future success of our club by helping create an inclusive and welcoming environment.

The Clubs with Heart program helps our club create a new ERA through Education, Responsibility and Accountability. Clubs with Heart aim to be highly competitive, they want to win, and they want to produce great players. However, they understand that they have a higher calling, which is to create a community of care, respect, courage and resilience. People are drawn to successful clubs and that is what we want to be known as, both on and off the field.

– Nunawading Cricket Club

The goods purchased were to provide cricket kits to our Stage 1 Girls/U10s/U12s teams so that initially families do not need to fork out \$100s for their children's cricket. Personal equipment is quite an expense so for the club to be able to purchase new kits (bats, helmets, gloves & pads - our previous kits were very old), enables young players to use excellent quality shared equipment. As these children continue with their cricket in 14s/16s, parents can then start to purchase individual items for their children. While we try to keep junior player fees as low as possible; the cost of personal equipment can be the difference between parents choosing other sports for their children over cricket.

So we thank you for your generous grant and know that these purchases will ensure that our young players are using quality equipment for many years.
