

How to Guide

The following document goes through the 4 key steps to enrolling in a learning event. Learners can access certification-specific learning & workshops, after logging into PlayCricket Learn. [Click here](#) to troubleshoot log-in issues.

- 1 Once enrolled in a certification, complete the required learning (online modules and workshops). Open your certification and scroll down to view the required learning event relevant to your state.

- 2 For Online Learning, click the module you wish to complete from the list. This will take you to a new page to complete the learning. *Note: This learning can be paused, exited and resumed later, if required.*

- 3 Scroll down and select a workshop to view available events near you. Click Register on your preferred session to enrol.

Note that if no events exist, there are none available at that point in time.

- 4 You have now enrolled in learning events in the PlayCricket Learn Platform.

If you need further assistance with using the PlayCricket Learn platform go to play.cricket.com.au/learn/help.
